

25 January 2011

Tax on Savings Income

The tax deduction scheme for interest (TDSI) is a component of the income tax forecast. It covers tax deducted at source by banks, building societies and some other financial concerns on savings income.

The table below shows the OBR's forecast for TDSI in £ billion, consistent with the *Economic and Fiscal Outlook*, published on 29 November 2010.

Outturn	Forecast					
2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
2.7	2.1	2.2	2.8	3.4	4.0	4.6
